

Teen Reproductive Health and Justice Program Facilitator

About Us

Girls Inc. of Alameda County's mission is to inspire all girls to be strong, smart, and bold. Since our founding in 1958, we have programs that support the unique needs of girls aged 5-18, and, starting in the 1990's, to design and deliver programs using an equity lens, serving those from some of County's least resourced communities, primarily in and around Oakland. Through a K-12 Program Continuum, we empower girls by equipping them to navigate gender, economic, and racial barriers and grow into healthy, educated, and independent adults. All programs are developmentally appropriate, supporting girls' changing needs as they grow. From literacy interventions in elementary school and exciting hands-on STEM and STEAM projects in middle school to building leadership skills and college readiness in high school, Girls Inc. girls receive the support and the opportunities they need to thrive. Girls Inc. of Alameda County's operating budget is \$7M with 100 staff in our downtown Oakland Simpson Center for Girls and in more than 15 schools and satellite centers across Alameda County.

About the Role

The HEART program is an interactive gender-specific program that includes comprehensive reproductive health and sex education, STI/HIV prevention and early intervention services aimed at positive female development, learning about gender and sexual identity and human sexuality as well as participation in sisterhood activities, field trips and youth-led civic engagement/project. The *Teen Reproductive Health and Justice Program Facilitator*, or HEART program leader, is a part-time dynamic professional who has youth programming and group facilitation experience with a passion for reproductive health and sexuality education and working with adolescent girls of color using a trauma-informed and culturally responsive approach. The HEART program leader will be able to make a commitment to work the 2022-2023 academic school year with the ability to provide virtual programming as needed and cultivate empowerment in girls while building strong relationships.
